**Canadian Angus Association Presents Eastern Canada Feedlot of the Year Award to
Ferme d'Anjou et Fils**

August 19, 2011: for immediate release

CALGARY, AB — Ferme d'Anjou et Fils of Quebec received the Canadian Angus Association's Eastern Canada Feedlot of the Year award in recognition of their work feeding and promoting Angus and Angus cross cattle. Commercial Fieldman Brian Good presented the award at the Quebec Feedlot Society's field day.

Ferme d'Anjou et Fils is located in Saint-Agapit, Quebec and is managed by Guy D'Anjou and his son Jean-François. The feedlot annually finishes between 4,000 and 5,000 head of mostly Canadian Angus Rancher Endorsed tagged Angus and Angus-influence cattle for shipment to Ontario and American markets. Guy believes it is critical that the cattle he purchases are identified with an Angus tag that certifies the animal has at least 50% Angus genetics.

Ferme d'Anjou et Fils is a comprehensive enterprise. In addition to the feedlot, Guy operates a cattle transport company in cooperation with one of his sons, and operates Angus Zone restaurant and Les Viandes Chez Nous butcher shop with his family. Angus Zone and Les Viandes Chez Nous both offer Canadian Angus Rancher Endorsed beef supplied by the Ferme d'Anjou et Fils feedlot.

The Canadian Angus Association introduced the Feedlot the Year award this year to recognize feedlots that promote Angus to their customers and that feed Canadian Angus Rancher Endorsed tagged cattle. The award for Western Canada was presented to High Ridge Feeders and Shannondale Farm of Manitoba at our annual general meeting in June.

The Canadian Angus Association is Canada's largest purebred beef breed organization. The Association represents 3,000 members across Canada for the purposes of registering and recording the pedigrees of purebred Angus cattle in the closed Herd Book and promoting the breed across Canada. The member-approved mandate is to maintain breed registry, breed purity and provide services that enhance the growth and position of the Angus breed.
