Peak Dot Belfast 2099H

Welcome to Peak Dot Ranch...

Established in 1950...

The Moneo Family

Carson and Lana

Koen, Gen, and Brixlyn

Riley, Danielle, Ozzy and Motley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia, and Luke Turner

Clay & Carson Moneo

Welcome to the 2024 Spring Sale.

It is our pleasure to welcome you to the Annual Peak Dot Ranch Spring Bull Sale. Thank you for making our program your program. Our emphasis has always been committed to producing bulls that keep the commercial cowman on the top side of the market. We are proud to be a family owned cattle ranch operating from the same location for 4 generations.

The bulls are penned and sorted by sire group with many groups of half, three-quarter and full brothers. There are several herd bull candidates in each group and we welcome your visit anytime prior to the sale. They sell in volume so they will be affordable in everyone's price range. All bulls are semen tested and checked for soundness and ready to go to work. Over 75 percent of the bulls selling are calving ease bulls with superior performance that will work well on heifers. Good honest cattle, repeat customers, long-standing relationships and real genetic value is what we strive to accomplish.

We offer the best cull bull incentive program you can find anywhere. With the cull bull market down a bit from previous years we are going to help you get the most out of those old, broken down, worn out bulls. See the next page for details.

This year we are again offering 30 open replacement heifers sourced from long time Peak Dot customer Hillcrest Enterprises. These heifers are 100% Peak Dot influenced commercial open heifers with decades of selection and are developed to make long -term producers who deliver profit. They all sired by Musgrave Colossal a proven female producer that stamps them with body depth, balance, femininity and maternal presence. Be sure to check them out.

We hope to see you all at the sale and if anyone cannot make it or has any questions please feel free to contact Carson or Clay. We offer a sight unseen program that has become very popular. The success of this program is driven by the disciplined manner in which it is handled.

You can count on the cattle you purchase from this fourth generation family owned ranching operation. After 60 years of doing business with ranchers and commercial cattlemen and women, we have earned a reputation we are very proud of. We look forward to being your source for good quality Angus and appreciate the confidence you have shown in our program. Come early and view the cattle and be our guests and enjoy a beef barbecue with refreshments.

We will pay 4% of your Comprehensive Insurance.

Crossfield Agencies

Camille Scott: 403-369-1791

Cull Bull Incentive Program

We offer the best cull bull incentive program you will find anywhere. With the cull bull market down a bit from previous years we are going to help you get the most out of those old broken, down worn out bulls. Why take a chance on bunch of open cows this fall when you can replace them with fresh strong new bulls. All you have to do is email us prior to the bull sale or bring a copy of your bill of sale from the auction market after selling your cull bulls and you will receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

We offer the following Services ...

We will pay 4% of your Comprehensive Insurance.

Free Delivery 500 miles or \$100 Pick up Discount.

Semen Tested and Ready for Immediate Service.

Sight Unseen Purchase Plan:

We would like you to attend the sale, but if you cannot, you can have Carson personally handle your purchase. Call him with your specification and discuss the offering, preferably a week before the sale. Carson gladly will assist you with your sale selections and represent you on sale day. We guarantee full satisfaction upon delivery or you don't own them.

Carson Moneo (306)266-4414

Genetic Information **ANGUS^{GS}**

All registered lots in the sale have had the genomic Angus GS test, and EPDs listed reflect the Gene Seek analysis. The test will increase the predictability of economically important traits. With the genomic test you will have more accurate higher accuracy EPDs than conventional EPDs.

Cull Bull Program: Receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

Sale Bull Videos: Videos available at www.peakdotranch.com

Online Bidding: Sale will be broadcast live. Watch and bid on DLMS.

Volume Discounts:

Starting at 3 bulls, 3% and increasing 1% for each additional bull up to 10 bulls - 10% maximum discount

Exporting into USA: We welcome our U.S. customers. Peak Dot will do all the necessary testing for export. Delivery will be looked after by Peak Dot within a 500 mile radius. For purchases going beyond the 500 miles we will help coordinate delivery to get the cattle to you as economically as we can.

Did you know you can finance bull Purchases with FCC?

When you finance livestock through FCC, you have the flexibility to Customize your financing – your way. Apply now to get pre-approved so you can head to the Peak Dot sale with confidence knowing you already have the financing in your back pocket. Call 1-888-332-3301 or your local Office to get started.

GLOSSARY OF SALE INFORMATION

EPD ABBREVIATIONS:

EPDs are a powerful tool that is available for making genetic progress. EPDs incorporate the performance of the individual along with the performance of all its relatives.

CE: Calving ease - the higher number predicts more calving ease.

BW: Birth. A lower EPD predicts more calving ease.

WW: Weaning. Higher weaning EPDs predict higher weaning weights.

YW: Yearling. Higher yearling EPDs indicate greater expected yearling weights.

Milk: Milk EPD should be used to predict the milking ability of the daughters of the bull in question. Higher milk EPDs project more milk.

REA: Rib Eye Area in sq.in. Describes marbling potential of calves expressed as difference in grade score.

MARB: Marbling. Describes marbling potential of calves expressed as difference in grade score.

CW: Carcass weight in lbs. Predicts differences in hot carcass weight of progeny.

\$C: Combined value (\$C), expressed in dollars per head, includes Growth, Maternal, Carcass, all 15 traits. It is expressed in terms of dollars and it reflects the expected difference in profits between bulls progeny.

For example: Bull A \$C = \$250

Bull B \$C = \$150

On average, progeny from bull A will be \$100 more profitable in a Canadian commercial operation than the progeny from Bull B.

Current weights and scrotal measurements will be available sale day.

This power bull has peaked several peoples interest that seen him and his calves. His name is Peak Dot Belfast 2099H. He is a Colossal son that offers calving-ease with more frame and performance. His easy fleshing, fertile Element dam has an excellent udder and very good feet. She has excellent milk and her last 5 calves had an average weaning ratio of 108. Belfast sons will be leading off the 2024 Spring Sale Book and certainly are a feature sire group. His daughters are among some of our favorites in the replacement pen.

On behalf of Bullseye Feeds, we are proud to be working with the great people of Peak Dot Ranch on the development of their yearling bulls on offer for the sale season of 2024, as well as the nutrition of their Angus cow herd. When developing these younger bulls, the focus is to ensure longevity and boosted immunity and health so that these future herd sires are equipped with breeding vigor, sound feet, and fertility; allowing these bulls to cover cows and maintain longevity and fertility for the producers who are investing in Peak Dot Genetics. From a feed standpoint, we focus on optimum protein levels while maintaining enough energy to properly expose these bulls without sacrificing structural soundness, fertility, and breeding vigor when breeding time arrives. These bulls are placed on a 38% protein supplement that provides a fully chelated mineral package and plant-based proteins for healthy muscle development, frame growth, and boosted immunity. The emphasis on producing a quality product for the producer here at Peak Dot Ranch is second to none. You will be sure to find a sound, healthily grown set of bulls walking the pens of Peak Dot Ranch this Spring. Be sure to join them on April 3rd 2024 for great hospitality and a quality set of Black Angus Bulls to appraise.

Tenderloin was our top pick of the 2021 Poss bulls. He is an attractive, high marbling, thick made bull that combines calving-ease, performance, carcass and maternal traits along with a big scrotal and gentle disposition. His dam is one of Nolan Poss favorite cows in the Poss herd. He is bred very similar to the popular \$900,000 Poss Deadwood with the combination of Poss Maverick and Poss Easy Impact 0119 in his pedigree make up. Owned with Semex Beef.

Big River Bulls...

Ellingson Big River *Peak Dot Reference Sire*

We are absolutely thrilled with this calf crop from Ellingson Big River. His calves have solidified his phenotypic and genotypic potency. Big River progeny are well made with lots of size, body shape, hair and bone and as much sheer thickness as any sire we have ever used. His daughters are among the very best in the replacement pen. Ellingson Big River is the next big important piece in our breeding program here at Peak Dot as we continue to improve overall maternal, foot and udder quality, fertility and milking ability. His muscle density, base width and bone circumference and performance is unmatched. He checks all the boxes starting with **BIG PERFORMANCE:** A moderate 86lbs birth weight combined with a 1006lbs weaning weight and a 1674lbs yearling weight. **BIG MATERNAL:** His dam EA Blackcap 4053 is one of the best donor females on the Ellingson Angus Ranch and has earned Pathfinder status with a production record birth ratio of 5/97, a nursing ratio of 5/107 and a yearling ratio of 3/102. **BIG FERTILITY:** 42cm scrotal at a year and has put up a large volume of quality semen. **BIG POWER:** Explosive body capacity, ample bone, structural soundness and fluent mobility. Top 1% for hoof claw and angle EPDs. Top 1% for weaning and Yearling EPDs.

Revival is a sound, athletic herd bull that was a feature in the 2021 Woodhill bull sale where he topped it for \$55,000 USD. He is as impressive in the flesh as he is on paper being extra long spined, wide pinned, stout quartered with a real herd bull look to him. His backing of the extra maternal cowherd at Revival is truly exciting for this calving ease bull backed by generations of great cows. His exciting EPD profile, with 10 traits in the top 10%, calving ease, birth weight, weaning weight, yearling weight and carcass quality.

Emerald was the \$94,500 high selling bull in the historic Rose Bowl Sale. He is a masculine, deep ribbed bull with an abundance of shape in his hip. He has a very nice Angus looking head and is backed by some extremely high earning quality females with big time production. Brooking Emerald has really made a name for himself last two falls with his daughters cleaning up the shows and commanding record breaking prices. Note that all the Emerald bulls in this sale come directly from our ET program. Bid with confidence knowing that they are from our very best cows and will leave not only excellent replacement females but also big, stout, thick made, deep bodied bulls.

"Gable is a big bodied bull that excels in every trait including looks!"

Introducing Schiefelbein Gable 311 the \$90,000 Sale feature from the 2022 Schiefelbein Farms Sale selling to Peak Dot Ranch. Gable 311 is a true breeders bull with a flawless EPD package, stunning looks and an outcross pedigree. As we enter the stage of the cattle cycle where retaining females is a must Gable 311 is the best option for doing such a thing. His +100 \$M combined with +20 EPD for Heifer Pregnancy rank him in the very top 1% of the breed. Two very important traits. He ranks in the top 30% for 12 of the 13 major traits including top 1% for WW,YW,HP,DOC & \$M. Combine that with double digit calving ease and a light birth weight along with a \$C in the top 2% of the breed. Gable 311 is a big scrotal bull with a nice look and loads of rib, great hip and a big thick butt. His young dam Frosty Elba Lizzy 5569 boost outstanding EPDs and is quickly climbing the ranks in the Schiefelbein herd. His grandam Frost Elba Lizzy 3565 is a pathfinder cow with a proven track record.

Sure to be a household name someday soon, Brutus is a great one combining phenotype, cow family, EPDs, individual performance and carcass traits. Top selling bull from Brookdale Angus. Brutus was the heaviest weaning and yearling weight bull and had the highest IMF scan of the entire calf crop. He is backed by a highly maternal cow family and has two of the most influential cows in the entire Angus breed Baldridge Isbel Y69 and SAV Blackcap May 4136 in his pedigree make up. Owned with Semex Beef.

Calving-ease with maternal excellence

One of the top selling bulls we purchased along with Semex from the 2016 Schiefelbein sale. Attractive is a calving-ease bull that will add growth and a good set of feet and legs. His dam is one of the best cows we have found in all our travels. She has produced over \$200,000 and is one of the main anchors in the Schiefelbein embryo program. Attractive has a great disposition and so do his sons.

Ellingson Profound is the crowd favorite and top selling bull from the 2019 Ellingson Angus Sale. He is regarded as one of the greatest bulls to come out of the Ellingson program. He offers next-generation power genetics for those who make their living selling feeder calves. His sons are stand outs in terms of muscle shape, vast body depth, volume, outstanding thickness and superior foot quality. Profound sons have topped Peak Dot and also Ellingson Angus bull sales in the past. His dam is a second generation donor that records a production birth ratio of 2/98, a nursing ratio of 2/106, a yearling ratio of 2/106, an IMF ratio of 3/103, and a ribeye ratio of 3/102 and has settled to first service A.I. every year of her production career. The Profound daughters are equally as impressive, attractive fronted, naturally thick, soft made and easy fleshing.

The popular lot 1 \$35,000 top selling Profound son in the 2021 Peak Dot Ranch Bull Sale. Newfound may be the most balanced individual ever raised at Peak Dot Ranch. He replicates the same unmistakable herd bull presence that his sire does. His eye catching phenotype and excellent feet have been appreciated by even the most astute cattle visitors. He weaned off just under 900lbs for a weaning ratio 117. His EPDs rank him in the top 1% for weaning weight, top 3% for yearling weight, and top 20% for marbling. His dam sired by Unanimous is as impressive as you will find. She has recently been successful flushed twice freezing 23 and 30 quality embryos per flush. Owned with Hillcrest Enterprises.

Ellingson Roughrider

Peak Dot Reference Sire

GRAND SIRE OF LOTS 116 - 124

Ellingson Roughrider is a bull we have been very impressed with from the first time we seen him. He sold for \$70,000. He carries much body depth and offers as much base width and thickness as any sire we have ever used. He stands on four big, solid, stout legs and has excellent feet with lots of heal. He sired an outstanding pen of 95 big, thick, husky performance bulls in the spring 2020 bull sale that were very well received averaging just over \$8000. His daughters are regarded as some of the best females Ellingsons and Peak Dot have ever raised. Roughriders dam and grandam are both embryo donors and two of the greatest contributors to the Ellingson cowherd today.

Peak Dot Mosaic Peak Dot Reference Sire

Peak Dot Mosaic was the \$60,000 sale feature from the 2020 Peak Dot Ranch Spring bull sale selling to SSS Cattle Co. He offers extra natural width and depth of body in a structurally sound package. He is backed by some of the best cows on the ranch with two consecutive generations of donors. Mosaic sons posted impressive weaning weights with tremendous depth of body, width and ideal growth curves for real-world cattle producers.

Peak Dot Profound 110J
This maternal brother sold to Yarrow Creek..

Lancaster is a rugged built stock bull with true muscle definition, extra rib-shape and real performance. He was the featured lot 2 bull in the Spring 2020 Bull Sale selling to Glasman Farms for \$56,000. His progeny display a nice pattern with body depth, fleshing ability and real muscle shape. His dam is a very well made SAV Eliminator 9105 daughter that ranks near the top for milk and marbling. She is also the dam of the \$25,000 Peak Dot and Hillcrest Enterprises herdsire Peak Dot Seedstock 38F. Her son Peak Dot Profound 110J sold in the 2022 spring sale for \$20,000 to Yarrow Creek.

Peak Dot Colossal 190H was a top ranking calving ease son of Colossal that we kept to use back in our herd. He is a great looking, early gestation, low birth weight sire that can be used on virgin heifers without sacrificing thickness, muscle and capacity. His SAV Eliminator dam comes from a great line of cows going back to the Remington Lady Lawn 144R donor we purchased from Remington Land and Cattle Co.

SAV MISS BOBBIE 2407

The dam of Earnhardt

Earnhardt is a stout and powerful son of SAV Harvester 0338 out of the uniquely bred and perfectly built SAV Miss Bobbie 2407. He was the top weaning bull of his entire calf crop at Janssen Angus. He offers a moderate birth weight with a 205 day weight of 977 pounds along with a 365-day weight that broke the 1,400 pound yearling weight barrier. A large number of Earnhardt daughters have been retained by Peak Dot for replacements.

FOR SALE BY PRIVATE TREATY ...

Peak Dot Ranch has registered Angus heifers for sale by private treaty. This is a chance to acquire some of the top females from our program. This is a perfect set of heifers for anyone wanting to start a new Angus herd, or strengthen an existing one. It is not often you can step in and buy a large group of very closely related heifers with phenotype, performance and cow family strength for generations. Contact Peak Dot Ranch for more information on this opportunity.

*View a complete list of the Private treaty heifers at:
www.peakdotranch.com or on Facebook*

New Up and coming Herdsires....

Peak Dot **Big River 139K**

Peak Dot Big River was the \$55,000 top selling Big River son to Semex in the 2023 spring bull sale. Big River 139K bull was a standout since day one and impressed us every time we put him on the scale. he weaned off at 955lbs to earn a weaning ratio 120. His feet are impeccable and are supported by his top ranking hoof EPDs. He is backed by three generations of deep bodied, easy fleshing productive females. His dam has true breed character and possesses all the qualities of an ideal beef cow. She went on to be one of the top selling females last spring to Elk Ridge Farms.

Peak Dot **Boost 162K**

Peak Dot Boost 162K was the \$80,000 top selling bull from our 2023 Spring Sale to Eaglehawk Angus Australia. Boost 162K is a low birth weight bull that will also add some real pounds to your calf crop and dollars to your bottom line. You will love the look of this bull. He displays real muscle, capacity, softness and substance with powerful phenotype. He weaned off at 911lbs to earn a weaning ratio of 114. He is off a great looking No Doubt daughter with a nice udder and his grandam earned Elite Dam status with the Canadian Angus Association. Peak Dot Boost 162K comes with a ton of performance packed into a moderate frame.

Schiefelbein **Ponderosa**

Ponderosa the bull that is on the radar of the Angus world and already has begun to write his own chapter in Angus history. He started as the popular high selling bull out of the 2023 Schiefelbein Farms Bull Sale where he was regarded as the thickest Angus Bull in existence. He went on to set new records when his semen sold for \$1200 a straw in the Spring Fling Sale and later in the fall the momentum continued on with Ponderosa embryos selling for \$3750 per embryo. Never before has there been a time or a push in history to get back to good functional, deep-bodied, correct Angus cattle. Ponderosa is leading that charge with his mass, performance and fleshing ability while adding style and balance.

Raven **Rectify**

Rectify is an exciting new herdsire at Peak Dot Ranch, he offers calving-ease and performance with outstanding maternal pedigree and bred in longevity. Rectify is a thick topped, deep sided, soft made, good headed and comes with great feet and excellent scrotal that the Sitz Stellar sons are known for. He weaned off at 845lbs and holds a \$ Weaning index in the top 3% of the breed. His dam is phenotypically outstanding and was the pick of the 2021 Raven Angus herd selling to Simon Cattle Co. His productive grandam is 11 years old and looks like she will live and produce for another 11 years. His great grandam is a 13 year old Pathfinder at Raven Angus.
