Outstanding Young Angus Breeder Award

Awarded by the Canadian Angus Foundation

The Canadian Angus Foundation functions to preserve and expand the Angus breed for future generations through education, youth development, scientific and market research, and historical preservation and restoration. The Canadian Angus Foundation was incorporated in 1993 and is the charitable arm of the Canadian Angus Association.

The Outstanding Young Angus Breeder award was developed to recognize an Angus breeder between the ages of 22 and 30 who has demonstrated a desire to stay involved in the Angus business for years to come based on their involvement within the breed up to this point in his or her career. Three finalists will be selected from the nominations and will receive \$500. The winner will receive an additional \$4,500 award plus promotion and publicity of their Angus cattle operation through the Canadian Angus Association.

To be considered for the award, nominations must be submitted by a Canadian Angus Association member in good financial standing by April 15. (No member may nominate himself/herself. Only one nomination may be made by each member for the given year.) CAA and CAF reserve the right to publish any submitted paper or interview. Contact Belinda Wagner with application questions.
